12 – 14 Florence Street Blackburn 3130

### BACKGROUND

This policy document is to be read in conjunction with Department of Education and Training (DET) 'Parent Payment Policy and Implementation Template' which forms part of our parent payment policy and informs our Blackburn Lake Primary School 'Parent Payment Policy'. The purpose of DET's document is to ensure that parent payment practices are consistent and transparent and to ensure all children have access to the standard curriculum. Further information of DET's policy can be found at [www.education.vic.gov.au](http://www.education.vic.gov.au)

### PARENT PAYMENT CHARGES

The School Council is responsible for developing and approving school-level Parent Payment Charges and can request payment under 3 categories only: *Essential Student Learning Items*, *Optional Items* and *Voluntary Financial Contributions*. The school and its community of parents have expectations of high educational outcomes for students, with teaching and learning occurring in a supportive and inclusive educational environment. Accordingly, Parent Payment Charges are reviewed annually and set at an amount that reflects a cost effective way of resourcing the curriculum to improve student outcomes particularly as identified in the school's Strategic Plan. Parent Payment Charges are also determined and communicated in a manner consistent with the principles set out in DET's policy.

#### Essential Student Learning Items

These are items, activities or services that are essential to support student learning of the standard curriculum. The school considers these items, which students take temporary or permanent possession of, essential for all students. Where practical and appropriate, parents may choose to provide some of these items themselves.

The Essential Student Learning Items will comprise a Book Bag of stationery. It will also cover the cost of diaries, student portfolios, subscriptions including to Mathematics, textbooks, readers, printouts and handouts in lieu of workbooks and textbooks and materials for projects.

#### Optional Items

These are items, activities or services, additional to the needs of the standard curriculum nevertheless support its instruction. They are provided on a user-pay basis.

- The Service Charge covers the cost of incursions and excursions that occur approximately one per term at each and every grade level.
- The Service Charge does not cover the cost of some other Optional Items such as Grade 5 and 6 Camp, Grade 4 Camp, Swimming Program, Sporting Activities, String Stars, Band. Appropriate notice will be given to parents about these activities and the costs involved.
- Other activities e.g. *Instrumental Music* lessons, *Tennis in Stages* etc are voluntary arrangements between parent and provider as far as payment is concerned.

#### Voluntary Financial Contributions

Parents are invited to make a donation to the school for general and/or specific purposes or projects.

Areas where the school is seeking Voluntary Financial Contributions are:

- Technology / STEM – Money raised will help increase the level of resourcing across a range of technologies
